Relationship to Student:

Does the student take any medication? If yes, please name:

Do you give your permission for the above named child to self-medicate?

I, the above named parent or guardian, give consent for my child (named above), to travel alone to the UK to follow an English language course at the Globe English Centre.

I have read the Globe's curfew times on the application form, and understand there will be times when my child will not be supervised, including walking to and from school, free time on excursions where appropriate, and for older teenage students possibly walking to and from evening activities.

In the event of an emergency, I allow the Globe English Centre management to make decisions in the best of interests of my child if I cannot be contacted.
