## Sample Professional English Programme

### Course structure

This course is for those needing English in a professional environment. It is communicative and interactive giving participants the opportunity to discuss a variety of topical and business-related issues, using authentic materials to prompt debate. Students will gain confidence whilst developing the language and skills needed to succeed in today's business world.

The course is bespoke and designed to suit the participants and their needs. As such the above is a sample only and may vary depending on the aims and interests of each group. Teachers will consult regularly with students to ensure the course meets their expectations and needs.

### Key facts

- minimum B1 level.
- minimum age 21

### Learning objectives

Students will...

- gain confidence
- develop their communication skills
- develop their range of vocabulary in a professional context
- develop their language skills focusing on speaking and listening
- develop reading and writing through authentic texts
- improve their pronunciation
- discuss topical business news and ideas

### Our aims

We follow the CEFR guidelines and aims and help students move from basic and independent users to more proficient users.

We help students improve their range, accuracy, fluency, interaction and coherence as per the CEFR levels for spoken language use.
